

Meeting Four

Ensure that the following information is available at Meeting Four:

- Herd Summary Records from DHIA or similar program
- Udder Health Management Summary from DHIA
- Herd records for clinical mastitis
- Plant payment slips with latest SCC and SPC
- Premium payment structure from your milk plant

At this meeting you will...

1. Use the *Herd Information* form **(2-10)** to update core information for Meeting Four.
2. Use the *Milk Money Action Plan* **(2-13)** to:
 - a. Record progress on last month's actions
 - b. Create an action plan for the next meeting if one is scheduled.
 - c. Decide if any actions should be performed on a periodic basis and record them on the *Long Term Action Plan* **(2-16)**.
3. Use the *Milk Quality Goal Setting* page **(2-12)** to review team goals and consider whether goals need to be added or changed.
4. Complete the *Management Questionnaire - Meeting Four* **(2-17)**.
5. Using *Financial Impact of Milk Quality* **(2-18)** review and compare how the monthly costs of mastitis have changed during the program.
6. Evaluate the Milk Money Process and Progress for your dairy **(2-18)**.
7. On the *Milk Quality Long Term Action Plan* **(2-16)** develop a new action plan and set the date, time and location for the next meeting, if the team plans to continue to meet.
8. Return ORIGINAL (white) copies of Meeting Four forms, and the second (yellow) copy of earlier forms used in the self-addressed stamped envelope.
